Latest NEWS/INFO for the NEWSLETTER - MMMonVHF The VHF-DX-Portal
****

Since 2003 DF2ZC publishes the 144 MHz EME NewsLetter. This is a
free service for the EME community. Bernd, DF2ZC, informed us,
that the July-edition of the EME-Newsletter is now available at:
http://www.df2zc.de/newsletter/ - The August issue will be up-
loaded on 25st August 2008. SOURCE: direct to MMMonVHF Bernd DF2ZC

HELP! Need 70cm skeds for Demo! This weekend is the 50th Anniversary
of Statehood Hamfest here in Anchorage. I am looking for any EME
stations that are willing to run skeds around 2030z on 31-July (this
Friday). Moon conditions are OK, but the sun is right in there close.
So stations with large antennas are desireable. The footprint at that
time will be USA, Asia, Australia, etc. The hamfest committee is
sponsoring a tour to bring a bus load of folks up to my place for an
EME demo. Any help would be greatly appreciated!! Thanks Mike, KL6M

Rare "IO67-Square" qrv on 144 MHz during PERSEIDS-MS-Shower by
GM4DHF/p: My OYL partner (Jan) and I have booked a holiday cottage
on the Isle of Skye near the village of Staffin (IO67VP) for the
Perseids. I shall be QRV on 2M with around 250W into 2x7ele yagi
with a good take-off towards EU. Activity will be part time (early
morning, early evenings) as this is primarily a family holiday. I
hope for 'phone Internet access and so should be on ON4KST. I'm
likely to call on 370 and announce my rx QRG when active. QSL Info
and more: http://www.mmmonvhf.de/latest.php?id=1800.
Looking forward to some FB MS activity.

Phil, N0PB, EM39wo is looking to set up skeds for the up coming
Perseids shower for 2 meters. Looking for in particular anyone in
Oregon or Washington. The eastern edge of Oregon is about 1310
miles, Spokane,WA is 1374 miles. Very doable distance. I will most
certainly run with anyone that is willing to try, at whatever
distance in those 2 states. Also interested in any other skeds.
